Introductions: Darlene, Allison, Rikki, Tammy, Shelley, Lisa, Jaisen, Jazmine,

Announcements: New Program of MJC Mental Health WebMD it is free to students at MJC. Offers therapy and counselling. Life Path is an organization for young people, that offers screening, diagnoses, support, housing, and all is free of charge

Approval of minutes: Shelley motions to approve/vote/approved unanimous

Treasurer's report: Tammy handed out report

Education report: Tammy handed out the report and said if all works out we will meet our contract by the end of year.

Old business:

Posting of PEI Coordinator position update (Shelley) – Shared that description and app. Is ready. We need to create a cover letter with closing date/where the applications will go. Will create within a week

Speaker flyer update (Tammy) - Rosenda has created a flyer for ETS recruitment. Tammy working at fine tuning it. It may be ready by end of next week.

BBQ budget (Dar) – Dar will e-mail a budget. We will vote on line for this.

Facebook communication update (Rikki) – Create a group for F2F class support. This is in the works.

Wellness luncheon update (Tammy) this is tabled for later date. This will come out of NAMI’s budget

Alarm code for Shelley update (Shelley) – This has not been done, and may not need to be done. There is a security guard on duty all the time the building isn’t open. The pw isn’t need anymore.

NAMI on Campus/Education Dept. update – We had a meeting with Jennifer Baker and two other ladies. There is a grant for five years to work at implementing this in HS in Patterson, Hughson, and Turlock. There is another innovations grant that may do the same for Modesto High Schools.

ETS training update (Dar) – Tammy, Shelley, Amanda, and Rosenda have finished online training and we will schedule the face to face training. Dar and Sean will be doing this training and Dar will coordinate it.
Advertising in newsletter update (Shelley) – This is still in the works, but Shelley will finish the ad to move this forward.

Patterson Outreach event update (Tammy) – This is happening. Tammy has scheduled an ETS presentation for this event. This is all students except the outreach tables. Information has not been real clear. This is a senior class project for the young lady putting it on.

Spanish speaking volunteers update (Allison) – The Spanish speaking people are at the meeting, so Allison turned it over to them. They would like to be a committee. They gave a report of their meeting. They talked about their goals; decided to focus on Latino population. They want to do outreach to build a relationship with that community in South Modesto. They talked about what their obstacles might be. They talked about advertising their outreach, have small giveaways, and go to some of the South Modesto events. Jazmine met with a leader in this community to talk about their needs. He helped with some of the primary goals to have. The most important was team building at the time. This leader said to focus first on the team to make sure same goals and that they are realistic goals that can be met. Allison shared that Jazmine and Jaisen have both been with her at an outreach this year. They worked with the kids and worked well with them. Jazmine is sorting out our Spanish brochures. Jaisen has offered to put our NAMI Stanislaus brochure in Spanish. Allison is very proud of the dedication of these members.

Shelley suggested they attend the ETS, and IOOV presentation to learn what NAMI is. The board has some reservation about the group knowing more about NAMI and what NAMI represents. Any outreach needs to go by NAMI guideline and most of these are learned in trainings, classes, and presentations.

**New business:**

Alarm code for Allison (Dar) as we talk above; there is no use for an alarm pw.

Family Grant – We received $1,300 from NAMI CA grant. We have fulfilled our obligations to this grant.
